

Company introduces

Fulicom Electronics Co., Ltd., a member of China Security & Protection Industrial Association, specialized in producing video surveillance equipments.

We continually develop new products and make great efforts to expand production in order to achieve 100% customer satisfaction. So far we have more than 100 varieties of products available to choose. Most of our products have passed CE approval.

Reasonable prices, excellent service, high quality products and quick delivery have helped us to gain support and appreciation from customers. We benefit from a strong team of professional engineers, skilled workers and advanced production equipment that enables us to continuously provide high quality products that meet market demands.

We have adhered to the principle of basement under quality, development under honest. For the perspective in the future, we will make more worth to customers and society. We are now seeking new partners in order to expand our market share around the world. Your OEM/ODM requirements is welcome too.
